The Bible

Nicholas King

For the first time under one cover, we are delighted to present Nicholas King's complete translation of The Bible.

Nicholas King is the first person for more than half a century to translate The Bible on his own. His translation is from the Greek, complete with grammatical inaccuracies and idiomatic peculiarities. The result is a vibrant translation which is exceptionally stimulating and sometimes startling. Readers will find that it shakes off the dust which often settles on passages that have become tired from overfamiliarity or frequent quotation, allowing the text to come to life in new and unexpected ways. With illuminating introductions to each book and extensive commentary notes throughout, Nicholas King's translation is to be highly recommended.

Nicholas King reads the Bible Nicholas King

Nicholas King reads from The Bible – just as Jesus' followers would have heard it: with passion, humour and deep faith, from his own unique translation. Nicholas King's new translation of the Bible has been greeted with jubilation by readers, church leaders and scholars. It has been described as 'amazing', 'dynamite', 'instantly accessible' and 'unique'.

Even those words do not adequately sum up this recording which astonishes with every word, so beautifully spoken and full of meaning. Here the text is presented with all its humour, grammatical inaccuracies and idiomatic peculiarities.

But what makes this recording stand above every other is Nicholas King's deep faith and lifelong love and study of the Bible, and his truly stunning voice. No actor, however brilliant, could so interpret the texts. This is the Bible recording par excellence.
